

## **SUDAN’S HIGHER EDUCATION PROFESSIONALS, SECRETARY GENERALS AND OTHER OFFICIAL VISITED LIDI;**

On February 24, 2015 the Sudan’s Higher Education Professionals, Secretary Generals and the leather & leather goods private sector official along with the COMESA information technology expert visited the Ethiopian Leather Industry Development Institution. The delegates mainly come to Ethiopia to get much experience and technical supports from the sector. Thus, the four members of the delegates discuss with LIDI representative of the Director General, Ato Birhanu Niguse, and other Directors. According to Ato Berhanu Negus, the institute is established to provide support to the sectors’ industries to be competitive in the global market.

At the end of their discussion with LIDI higher officials the delegates visited the institute different facilities: the model tannery, model shoe factory, model garment & goods factories, three products development centers and accredited physical and chemical laboratories.

In their side, the Sudanese Delegates expressed their impression of what they have seen in LIDI’s facilities and technology transfer for the sector. They also stated that the country is really so suitable and has a great potential in the leather sector.
